I expect to pass this way but once - If therefore, there be any kindness I can show, or any good thing I can do to any fellow being, let me do it now and not defer or neglect it, as I shall not pass this way again.

THE STORY

of the

1964 AREA VI-E MEETING PATCH

The central item in the patch is the Universal Emblem of Scouting which reminds us of the ideals and principles for which we stand. It also shows that we are all bound together into the even greater Brotherhood of Scouting.

The Arrow is our symbol of leadership and is flaming to remind us always to exemplify those traits of leadership for which we were granted membership in the Order.

The eight feathers hanging on the Arrow shaft represent the eight lodges in the Area and show that through leadership in Scouting, the Order will reach to even greater heights.

The left-handed handclasp at the bottom of the patch depicts true Scout "Brotherhood" and is also the totem of the host lodge.

The word "Echokotee" means "We are Brothers" and helps to further carry out the theme of our 1964 Meeting.

Red and white are our Order of the Arrow colors. This is depicted with the white background with the red outer ring. The red outer ring shows that we are all tied together into the circle of Brotherhood, represented by the shape of the patch.

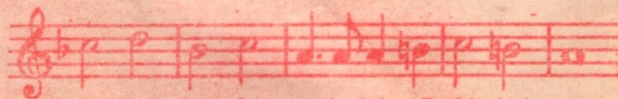

The principles of our Order are represented by the three red "W's" super-imposed on the Universal Scout Emblem and stand as our goal in Scouting and in life.
