November 3rd 2001

What is this course?

This Elangomat Training Seminar is more than just a "how-to-do-your-job" session. This is an intensive course that will train you on every aspect of being an Elangomat, from what to do before the Ordeal, what happens during the Ordeal, to the Extended Elangomat Program afterwards.

You will be introduced to the spiritual meaning of your job, how it ties to the ceremonies, and just what you have to do to effectively induct fellow scouts into our Brotherhood.

The ways that we, Seminole Lodge 85, run our Ordeals and how the Elangomats are used in our Lodge will be discussed, from front to back, left to right, inside and out. You will be one of the great and honored Elangomats!

COURSE OUTLINE

After arriving at the course, you will be introduced to your trainers. You will have time to reflect upon your Ordeal and note things that you liked and disliked.

Then the real stuff begins! How Elangomats fit into the Lodge, and a complete and thorough job description will all be some of the great things you will learn. The "clan" system will be compared to the regular Patrol Method, and also how using the Elangomat program within our Lodge benefits everyone!

Graduation from this course will make you a great Elangomat!!!

Several team-building activities are planned to get you closer to the other Lodge Elangomats and help loosen the mood during the day. This will be a fun, informative, and meaningful session that will not be soon forgotten!

RESOURCES

Here are a few of the resources available to you as an Elangomat:

- Ceremony for the Ordeal: The Official Order of the Arrow Handbook; The National Order of the Arrow Website ([www.oa-osa.org](http://www.oa-osa.org)); Guide for Officers and Advisors: the Elangomat Handbook; The Drum.

AFTER THE COURSE

This seminar is used to train Elangomats for the purpose of having qualified leadership at Lodge Ordeals. Therefore, after this course, you should attend your Lodge's next ordeal. We will get in contact with you to make the appropriate arrangements.
